

**The International Brokerage Event during Chemical Industry Fair  
“CHEMIKA”**

**21-22 February 2008, Szczecin International Fair, Szczecin, Poland**

Dear Sir/Madam,

With the purpose of organizing an International Brokerage Event during the **Chemical Industry Fair – “CHEMIKA” on 21-22 February 2008**, we would like to invite you to the event and encourage you to register your company and technology profiles on website <http://www.chemika.ircnet.lu>.

“CHEMIKA” is not only a Brokerage Event but also a **Conference** devoted, above all, to the introduction of REACH procedures to the EU countries. Under new EU requirements all entities trading in chemicals have to implement a group of procedures which may result in substantial changes in cooperation. The purpose of the conference, organized with the participation of recognized experts and specialists, is to present the ways of implementation of new procedures.

In order to maintain the highest level of service we would wish to offer you our assistance during negotiation processes, translation of technology profiles into English as well as direct service during the brokerage event.

**Additional information:** registration forms (Conference, Brokerage Event and Fair), list of hotels are attached to the e-mail or you can find them on <http://mts.pl/index.php?id=1036>

See you in Szczecin.

**Jasmina Solecka  
Michal Olan  
Pawel Zebrowski**
